A versatile ingredient derived from *Ricinus communis* (castor) seed oil and hydrogenated castor oil, **Castoriatum™ Emollient** can be found in a variety of personal care applications. This vegetable-derived moisturizer has strong pigment wetting abilities, contains no VOCs, and is biodegradable.

- compatible with a wide range of other ingredients
- semi-solid consistency makes it easy to incorporate into formulations
- acts as an occlusive barrier to decrease transepidermal water loss (TEWL)

**Photo-stability***
